Minute of the meeting of the Scottish Land Commissioners held on Friday 5 September at The Norseman Hotel, Wick

- Commissioners Present: Michael Russell (Chair), Lucy Beattie, Deb Roberts, Craig Mackenzie, Calum MacLeod (Land Commissioners), Rob Black (Tenant Farming Commissioner)
- In Attendance: Hamish Trench, Nikki Nagler, Emma Cooper, Kathie Pollard, Scarlett MacFarlane, James MacKessack-Leitch, Gemma Campbell (Land Commission)
- Apologies: None
- Declarations of interest: Calum MacLeod indicated an indirect interest for item 6 in relation to the Scottish Land Fund, as a consultant that works with communities applying to the fund.

1. Minutes of previous meeting

The minutes from the meeting held on 3 July 2025 were agreed as a true and accurate record with no matters arising subject to one amendment:

• Item 4 Good Practice Programme: amend first bullet point to read 'the potential for regionally based *or focused* advisers'.

2. Commissioners Updates

Commissioners provided updates on key activities and recent events they had attended. This included a report from the Chair following the board's meeting with the Cabinet Secretary RALRI on 16 July and an online meeting with the Cabinet Secretary for Housing on 25 August. Commissioners drew attention to the government's consultation on the RESAS research strategy and the Tenant Farming Commissioner reported on recent sector engagement focused on Part 2 of the Land Reform Bill.

Commissioners also reflected on the themes raised in the successful public meeting held the previous evening.

3. CEO Update

Hamish provided an update on recent staffing changes and engagement with sponsor team on financial planning in relation to implementation of the land reform bill and on the case to increase TFC resourcing.

4. Good Practice Protocols Refresh

Emma and Gemma introduced the paper which summarises changes made to refresh and update the suite of Protocols.

The board welcomed the progress and rationalisation. Commissioners sought further information and assurance on changes made, specifically why an additional reference to community engagement is not being included within the Good Stewardship protocol. Emma confirmed that the expectation for engagement remains with a cross reference to the engagement protocol, but to include more specific expectations here risks being disproportionate if the protocol is to be relevant to all land holdings.

The board sought more information about the distinction between a protocol and guidance – it was agreed that the protocols seek to establish high level expectations while guidance allows more detailed advice and reference to specific contexts to be provided.

The board discussed the interaction of the protocols refresh with new statutory measures set out in the bill. It was agreed that the refresh of protocols is necessary in advance of the bill measures, firstly to ensure the voluntary good practice approach continues and is up to date, and secondly to ensure experience of using the protocols can in due course inform the expected secondary legislation. The board noted the importance of clear communication about the context of the protocols as the refreshed versions are rolled out.

The board supported the changes made, noted the stakeholder engagement undertaken and agreed the revisions to the suite of protocols.

5. Review of Community Rights to Buy – consultation response

The board agreed the key messages set out in the paper as the basis for the Commission's consultation response. In doing so the board noted our response should be clear in stating that in their current form, the rights to buy are not sufficiently effective and that improvements are needed. The Chair noted the stakeholder engagement so far through the CRTB Review Reference Group.

The board agreed that the Commission's response should be published when submitted and communications team will consider options for an associated blog.

Action 25090501	Submit consultation response by deadline and consider	
Action 25050501	associated communications opportunities.	

6. Community Land Ownership Advice – scoping

The board noted the declaration of interest made by Calum MacLeod and he remained to participate in the discussion.

The board supported the proposed scope for this advice as set out in the paper, noting that the specific issue raised at (4) in relation to public finance mechanisms supporting transfers below market value can be considered as part of the wider role of public bodies raised in (1).

Commissioners raised considerations on whether research is available or needed on ways to calculate the net effects of best value, accounting for impact beyond immediate financial return. Staff noted relevant work already published by the Commission on socio-economic appraisal for vacant and derelict land sites which holds some parallel learning. The potential for new approaches to loan finance as a result of changes in UK fiscal rules was identified as an opportunity to explore.

The board agreed that this work should seek to deliver headline advice for Qtr 4 within this financial year, recognising that significant changes to the Land Fund would likely take time to be considered by a government in the next parliament, and would likely need follow up work if taken forward.

The board agreed the priorities within the scope are to address the role of public bodies in enabling community land ownership and potential changes in the way the Scottish Land Fund could operate.

Action 25090502	Staff to develop advice with a draft report to be
Action 25090502	considered at a future board meeting.

7. Land Reform Bill update and implementation planning

Hamish updated the board on bill progress and associated Commission work, noting a recent meeting with the bill team which looked ahead to implementation planning.

Emma introduced the paper which uses experience from our good practice and TFC work to begin consideration of the new Land and Communities Commissioner role.

The board identified several key considerations which will need to be carefully worked through to inform implementation including:

- Learning from TFC experience in relation to the capacity and functioning of the new Commissioner role;
- The need to develop clear and transparent processes to manage delegation, delivery and escalation of cases;
- The interaction with our continuing good practice advice;
- The staffing resource needed to support the Commissioner and flexibility to be able to draw on advice from all parts of the Commission staff team as needed;

 The internal governance arrangements to ensure effective collaboration between the new Commissioner, Land Commissioners and the Tenant Farming Commissioner.

The board noted that while the implementation timetable is expected to provide good time to develop these aspects step by step, this work should be built into our business planning for the remainder of this financial year and next.

The board agreed that the Chair and CEO will maintain regular dialogue with sponsor team on the expected costs of implementation, including the costs ahead of formal implementation, noting the Commission will need to secure commensurate grant-inaid to be able to undertake this work effectively.

8. Budget Update

Nikki provided a budget update noting the spend to date and planned spend at this point in Quarter 2.

9. AOB

Scarlett provided a brief update on progress in ScotLand Futures engagement and planned next steps. The board asked that planning for final outputs should include a summary available in Gaelic.

Action 25090503	Provision for a Gaelic output to be included in ScotLand	
Action 23090303	Futures project planning.	

Date of next meeting: 2 October 2025, Inverness – note change in timing: board/staff workshop at 13:00 followed by board meeting at 15:30.

Inverness Paper No. 1 Quarterly Report

Purpose	To review progress over Quarter 2
Previous board papers	Quarterly Report 3 July 2025
Action required	For discussion

1. Background

The quarterly reports provide oversight of progress against the business plan over the year. This report covers the second quarter of the 25/26 business plan.

2. KPI assessment

3. Progress Reports

The report comprises five annexes:

A: Delivery Progress

Annex A sets out the RAG assessment and progress commentary against the Business Plan. Highlights in Quarter 2 include:

- ScotLand Futures public survey, public meetings and engagement;
- Completion of phase 1 report on tax;
- Completion of Good Practice Protocols refresh ready for publication;
- Preparation of Draft Annual Report and Accounts;
- Significant tenant farming engagement.

B: Finance

Annex B provides a summary of our current budget position. At this mid-year point our spending plans are on track, with some in-year saving on staffing as a result of an outward secondment. Based on the mid-year position, the management team are reviewing planned spend for Quarters 3 and 4 to ensure priority spend is committed and manage uncertainties associated with 25/26 pay award.

C: Risk Management

Annex C provides the strategic risk register. Risks 2 & 3 are identified as increasing. The ARC undertook a risk interrogation on risk 3 at its recent meeting.

D: Communications

Annex D provides an overview of communications in Quarter 2 and a look ahead.

E: Good Practice Casework

Annex E summarises casework undertaken during Quarter 2.

4. Staffing

During this quarter Julie Rostan joined as Research Officer on 4th August. We also completed the planned changes to the management team, with the appointment of Kathie Pollard to the new Head of Policy role with effect from 18 August and recruitment of Sarah Madden as Head of Practice and Advice. Sarah will start on 6th October, providing a good handover period before Emma leaves post on 31st October.

David Stewart has begun a 12-month secondment to the KLTR from 1 September. This post is not being backfilled and delivery priorities are being adjusted within the policy team.

COMMUNICATIONS QUARTERLY REPORT

Q2: JULY 2025 - SEPTEMBER 2025

This quarter saw mixed results across our communications and engagement activity, with strong performance in some areas and clear opportunities to build momentum in the months ahead.

Press coverage was lower compared with both the previous quarter and the same time last year, reflecting fewer outputs likely to attract media attention and a wider dip in external coverage of land reform. Nonetheless, we secured some valuable placements, particularly around ScotLand Futures, and expect planned publications and engagement later this year to lift overall coverage

Social media had a strong quarter, supported by Meta advertising on Facebook and Instagram to promote ScotLand Futures. This not only drove campaign engagement but also boosted reach across other content. On LinkedIn, we are well ahead of target, achieving 15% follower growth towards our annual 20% goal with six months remaining.

Email engagement remained consistently high, with all four mailings achieving open rates between 51.6% and 59.1%. Subscriber numbers grew significantly, with 459 new sign-ups (most through the ScotLand Futures survey) expanding our audience and strengthening the impact of future campaigns.

Website traffic dipped, which is typical over the summer holiday period, but ScotLand Futures again featured in our top three pages, alongside the homepage and 'Work for us'. Development of the new website has progressed, with design and content taking shape. Aspect will provide a fuller update to the Board in December.

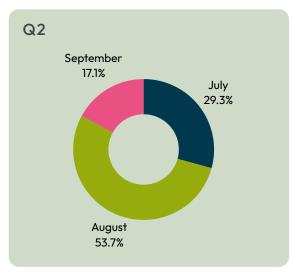

Month	Event/Activity
October	Public meetings in Stornoway and Aberdeen
October	Staff and Commissioners joint session on Scotland Futures
October	Annual Report
November	Rural Land Market Report
November	Refreshed protocols
December	Aspect presentation of website progress

PRESS COVERAGE

Press coverage was lower this quarter compared with both the previous period and the same time last year. This reflects fewer outputs likely to generate media interest, alongside a wider dip in external coverage of land reform topics.

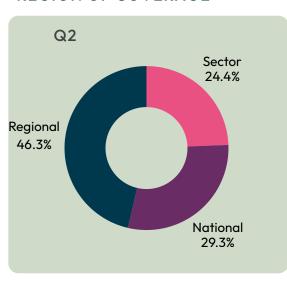

Nonetheless, we secured some strong placements, ensuring continued visibility for the Commission's work, particularly ScotLand Futures. With a series of publications and engagement planned for the remainder of the year, we expect coverage levels to increase in the months ahead.

SOCIAL MEDIA

Social media performance was strong this quarter, supported by Meta advertising on Facebook and Instagram to promote ScotLand Futures. This not only drove traffic to the campaign but also boosted engagement with our wider content.

We are also on track to exceed our annual LinkedIn growth target, having already achieved a 15% increase in followers towards our 20% goal with six months remaining.

EMAIL MARKETING

This quarter we sent four mailings, achieving open rates between 51.6% and 59.1%, all well above our 40% benchmark. These results highlight consistently strong audience engagement.

We also grew our subscriber base by 459, largely through the ScotLand Futures survey. This substantial increase expands our reach and strengthens the impact of future campaigns.

Mailout	Open Rate	Click Through Rate
Newsletter (issue 7)	51.6%	11%
TFC Newsletter	59.1%	13%
SLF events	54.9%	9.8%

WEBSITE

Website traffic was lower this quarter, which is typical during the summer holiday period. Despite this seasonal dip, the ScotLand Futures campaign page remained one of the top three most visited pages, reflecting ongoing interest in the project.

Work has also continued on developing the new website, with the design and content beginning to take shape. We plan to invite Aspect to the December Board meeting to provide a fuller progress update.

Our top performing pages this quarter were:

- Home
- ScotLand Futures
- Work for us

Commissioners Meeting 2 October 2025

Inverness Paper no. 2 Annual Report and Accounts 2024/25

Purpose	To approve the annual report and accounts for 2024/25
Previous board papers	N/A
Action required	For decision

Annual Report and Accounts 2024/25

The Audit and Risk Committee is considering prior to the board meeting the draft annual report and accounts for the financial year 2024/25 and the external auditors report. Subject to a recommendation from the committee, the board is asked to approve the annual report and accounts.

In doing so Commissioners are asked to consider the annual audit report and opinion provided by our external auditors, Deloitte, in particular the key messages set out in section 1.

The accompanying papers include:

- Annex A: External Auditors Annual Audit Report
- Annex B: Draft SLC Annual Report and Accounts

If approved by the board, the annual report will be signed on behalf of the Commission and our external auditor, before being submitted to Parliament ahead of our required deadline in December.

Inverness Paper No. 3

ScotLand Futures: Next Steps

Purpose	To agree next steps for Phase 2 of ScotLand Futures
Previous board papers	4 March 2025 Paper 5
Action required	For agreement

1. Delivery of Phase 1: engagement

Following the launch of the initiative in May, phase 1 of ScotLand Futures sought to open up the public conversation and invite views. During this phase we have delivered:

- Online public survey which closed in October with a total of 1,236 responses;
- Invited contributions from individuals we have received 20 contributions which are being published in groups on our website and will be published in a collated document;
- Stakeholder engagement we have held discussions and raised awareness of the survey through targeted stakeholder engagement;
- Public meetings the first two of our public meetings programme have been held, in Wick and Dumfries, with a further two scheduled in Stornoway and Aberdeen.

The responses to the public survey are currently being analysed to identify the key themes emerging.

2. Next Steps

Proposed next steps are:

- Publish in November a 'what we heard' report that summarises the public survey and public meeting feedback accompanied by the collection of invited contributions;
- Develop the policy agenda identifying the key steps that the Commission proposes be addressed, to be published in February.

Following the board/staff workshop on 2 October, we expect to develop a draft output for discussion at the December board meeting, with an additional online meeting in January to consider a final output. Final publication is scheduled for mid-February.

The Board is asked to agree the next steps for phase 2.
